Opportunities

Click on this button, and three bubbles appear for 'Food Aid, Environment and Young People' You click on them to go to the respective pages.

There are more than 185,000 charities in the UK, hundreds of which are in London.

We want to connect people with spare time and who feel isolated from working at home with their local community through volunteering. There are dozens of types of charities with roles for every type of person. You can use this website to find out about your closest charities and how to get involved. It's a challenging time for everyone at the moment due to Coronavirus. It is more important than ever to support and help out local community.

Enjoyable

Employable

Meaningful

We all wish that the people in our community didn't need our help. Being a part of your local network through volunteering can help you make substantial, meaningful changes, leading to the need for charities diminishing, whilst promoting a healthy community spirit in our urban spaces!
